**BULLETIN OF THE KOREAN MATHEMATICAL SOCIETY**  
**大韓數學會報**

Since its inception in 1964, this journal endeavors to publish significant research developments of broad interests in pure and applied mathematics. One volume is published each year, and each volume consists of six issues (January, March, May, July, September, November).

**Editorial Policy**

To be published in the *Bulletin*, a paper must be correct, new, nontrivial, and significant.

**Submission of Manuscripts**

See **Information for Authors** at the end of this issue.

**Copyright**

A Copyright Transfer Agreement is required before the publication of a paper in this journal. The submission of a paper implies the author's assurance that it has not been copyrighted, published, nor submitted for publication elsewhere.

**Subscriptions**

The subscription price is 80 USD per year to individuals and 140 USD per year to institutions. Members of the KMS receive exclusive discount on annual subscriptions to KMS journals. Correspondences regarding subscriptions, membership, and notices of change of address should be sent to:

**Reciprocal Membership Agreements**

The KMS has reciprocal membership agreements with the American Mathematical Society, the Indian Mathematical Society, the Mathematical Society of Japan, the Royal Spanish Mathematical Society and Société Mathématique de France. Any member of these societies may join the KMS at half of the current rate.

**Publications of the Society**

The KMS publishes three research periodicals, the Journal, the Bulletin, and the Communications. The Journal and Bulletin are published bimonthly and the Communications is published quarterly.

**Indexing and Abstracting Services**

Articles published in this journal are indexed or abstracted in ISI Alerting Services®, Mathematical Reviews, Science Citation Index-Expanded®, Zentralblatt für Mathematik, KCI, and SCOPUS.
